#### Our Project: The Peruvian Cultural Garden

Our most ambitious project, and a tribute to Perú's cultural legacy, rich history, and traditions. This garden, located within the Cleveland Cultural Gardens, is inspired by landmarks like Machu Picchu Citadel — a UNESCO World Heritage Site and one of the Seven Wonders of the World— and the Nazca Lines. It will offer an educational and immersive experience and a vibrant venue for cultural events, sharing the talent and contributions of Peruvian artists, writers, and musicians

# Brick by Brick Campaign

Leave your Mark on History helping build our Phase I Entryway

We are thrilled to invite you to be part of something extraordinary—the construction of Phase I of the Peruvian Cultural Garden in Cleveland, Ohio.

The historical Entryway symbolizes the Inca Trail, leading to the Portal of the Sun and connecting the garden's central plaza, stage, and upper entry, as a centerpiece of pride, celebration, and cultural unity.

By participating in our Brick by Brick Fundraising Campaign, you contribute directly to this transformative project. With your support, we can bring this vision to life—brick by brick.

Each engraved brick is more than a donation; it's a lasting legacy. Whether you honor a loved one or

commemorate your connection to Peruvian culture, it will become a permanent feature of this entryway—celebrating unity, culture, and pride for generations to come. See the following section for more details and options.
